I-99-0016	Nordic Sport	Diana NXB, Metal alloy, grey cord	Pink, white spiral

Note: changes are highlighted with ***Bold and Italic font***

Personal Implements shall also be allowed, providing that:

- They are readily identifiable and are WA certified
- They are not already on the official list
- They have been checked for compliance with WA Rules
- They are made available to all the other competitors until the end of the Final

Personal implements will have to be submitted to the TIC at Cluj Arena or at the Sub-TIC at the warm-up and training venue, the day before the event and no later than 18:00 EET.

If a personal implement cannot be accepted into the pool due to it not meeting the specifications or being unidentifiable, the relevant team will be notified through the TIC, with an explanation, and the implement will be returned.

Note: "World Athletics Certified" implements may include older models that previously held a certificate but are not in production any longer.

In order to speed up the checking in of eligible personal implements, please come prepared and consult the World Athletics list on the website (<https://www.worldathletics.org/library>) in advance to identify the implement noting its World Athletics certification number. If you do not find your implement in the list but you believe that it is/was certified, please contact the World Athletics Office at technicalofficer@worldathletics.org so that its status can be checked and confirmed to you and the LOC in due time.
